Subject: San Antonio Food Bank Flood Drive Results

Dear Greg, Pat, Jeff, and Anna,

Thank you very much for including us in your San Antonio Flood Relief Drive today. We are happy to help provide the transportation of the goods collected down to San Antonio. More importantly, we are quite pleased in the active role you have taken to educate your listeners. You, at Mix 102.9, have been a role model in showing your listeners the most effective way to run a drive to help the needy, whether the recipients are flood victims in San Antonio, or hungry people here in the DFW area.

We, at NTFB, are touched by the generosity of your listeners. These donations are sure to help with the disaster in San Antonio. The product will be taken to the San Antonio Food Bank, who will then distribute the items to agencies (charities) in San Antonio and the surrounding areas. Flood victims in the area will be able to pick up the items at those agencies. The funds raised will be used to purchase product that the San Antonio Food Bank does not receive through donations.

Donations (as of this writing) are as follows:

\$363.00 Collected at the drive

2610 pounds of cleaning supplies collected at the drive

1884 pounds of cleaning supplies donated by Tarrant Area Food Bank in Fort Worth

260 cases of bottled water donated by Kroger (NTFB will pick that up Monday, so we don't know the weight yet)

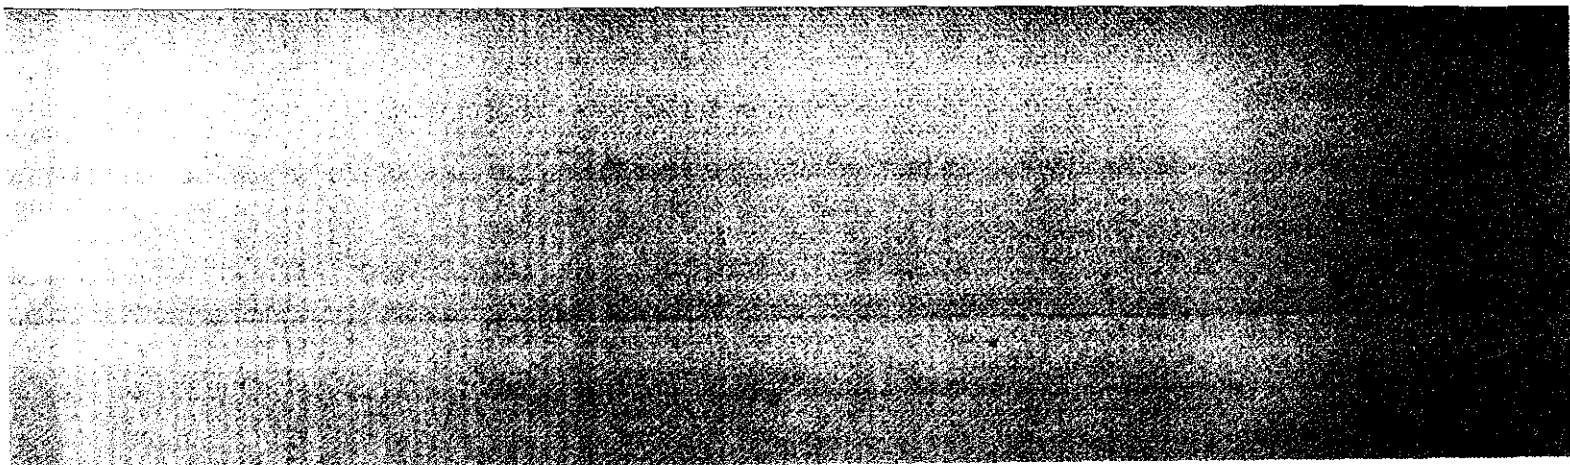

TOTAL:

4494 pounds of cleaning supplies

\$363.00

260 cases of bottled water

We will continue to take donations at the North Texas Food Bank (address is below) on Friday from 8-5, and Saturday 8-12. If listeners need directions, they can call us at 214-330-1396, or pull up a map on our website, www.ntxfoodbank.org.

, will make plans to take the donations to San Antonio the first part of next week. I'll be sure to keep you all updated!

Thank you again for wanting to help the victims in San Antonio, and for including North Texas Food Bank in your drive.

Best regards,

Dear Mr. McMahon:

I am writing on behalf of Bess Race Elementary School in Crowley, TX to thank you for sharing Lisa Thomas with us to emcee our annual Talent Show this past Friday evening. Lisa has done this for us before, and she never ceases to "wow" the audience. The lady is a "natural" and interacts with the audience in an upbeat, motivating, and humorous manner. Her spirit is contagious, and I can assure you that each time she comes, she broadens your station's listener base. I am certain you are proud of her and the way she represents your station.

This year our Superintendent came to watch the show, and he personally took the time to come backstage to meet her and to compliment her. "She's a natural," he said. "I was so impressed with the way she worked the audience and her ability to keep us all entertained. On what radio station can I hear her, and when is she on the air?" His comments mirror comments I heard from many others as well. My principal remarked, "That Lisa Thomas is the cutest thing! She always does such a great job!"

As you can see, our audience adored her, and we appreciate you sharing her with us. MIX 102.9 was well received before an audience of over 1,200 people thanks to your very own Lisa Thomas. Hold on to her, because the only thing she will do is bring your station more listeners and represent you in a "positive" light. Lisa Thomas rules, and so does MIX 102.9. Best wishes for a successful 2002!

Sincerely,

Maria Smith

Pat - It really went well logistically and everyone there had a terrific time. Lisa Thomas was amazing and really made the event the success it was. We estimate about 1000 walkers and are not sure on the dollars yet but probably around \$100K. While that is terrific, we were all hoping for more walkers and more money.

However....we learned a great deal from this year's event and will begin rebuilding for next year today! I can't tell you how much it helped to have MIX involved with this event and truly appreciate your commitment to the American Cancer Society and putting your name out there on a first year event. We would have loved for MIX to have a bigger presence but I completely understand limited resources. I am hopeful we can count on you for next year - with the first year under our belt we can begin planning now for a great event in 2003! Thanks again and it was great to work with you again!

By the way, I spoke with Joel this morning and the ACS is first on the list for your next charity event!

Your thoughts on first year event?

My regret is that with having such a full calendar that we could be stronger on site - We always sponsor Taste Addison the weekend before Memorial Day and it is such a drain on our promotional resources.

Please let me know how things went.

Dear Pat:

On behalf of our entire staff and all of our students, I want to thank you and your staff for your efforts last Thursday during your visit to our studios. Your presentation, and that of Jeff Elliott and Anna Deharo, was very informative, positive, entertaining, and helpful for our students as they face the task of making their choices that will determine their futures. Each of you was gracious and warm in your attitude to all, and it is clear that our students heard and retained the advice and knowledge that you provided.

Each student has also expressed to me how much they also enjoyed the learning experience that your discussion actually was. The students clearly heard and retained what you said, and the observations that you provided. It was clear that the event provided them new motivation and inspiration to try to reach for the next level in their skills development. Every student that was on air the next day was clearly trying to become more conversational, for example! Several of the students have also mentioned that they were going to begin listening to Jeff and Anna during morning drive, as well!

We appreciate the fact that you all took so much of your valuable time to personally speak with our group of students. Your kind attention and efforts on our behalf helped to make this the best special program for our students that we have ever experienced. Again, thank you for coming, and for providing such a great learning experience for our young people here at Mesquite Schools Radio KEOM. Please share our best regards to Jeff and Anna as well.

Dear Mr. Hill:

Thank you for your contribution of \$71.00 received on June 9, 2003. As per your request, your gift will be designated to provide disaster relief.

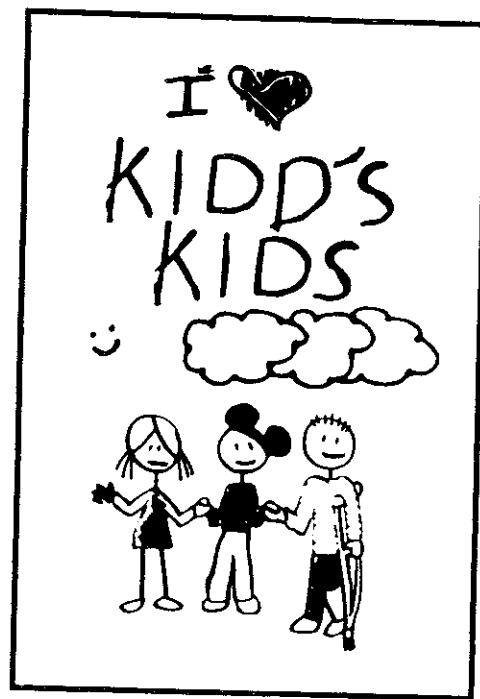

The Disaster Relief Fund provides the financial support for the Red Cross response to more than 67,000 disasters each year — including floods, fires, hurricanes and more. The Fund operates as a revolving account, enabling the Red Cross to respond immediately to disasters and ensuring that victims get comparable assistance regardless of the visibility of the disaster or the ability of the community to support Red Cross efforts. Red Cross disaster assistance is free of charge and typically includes such essential services as food, shelter, mental health counseling and other basic relief services that will assist and lead to recovery.

We are all touched when a disaster strikes in our neighborhood. On behalf of the entire Dallas community, please accept our heartfelt appreciation for your contribution. We could not respond without your support.

Dear Kidd & crew,

My name is Kelly Howard , I am the mother of Courtney Howard. On Friday , April 18th KISS fm came to Mabank High School for a blood drive for my daughter that has cancer. She is 17 yrs. old and in the 11th grade. The goal was to have 100 pints of blood donated in Courtney's name and we ended up with 87 pints and 25 people were turned away for one reason or another. If they could have given blood we would have been over our goal but we appreciate everyone who came out. We would like to thank KISS fm for coming out too. And Courtney thanks you for the autographed t-shirt from the morning crew. I am so glad there are such giving people in this world. And I would like to thank you again for making my daughter's day a happy one.

God Bless each of you,

Dear Pat:

On behalf of our entire staff and all of our students, I want to thank you and your staff for your efforts last Thursday during your visit to our studios. Your presentation, and that of Jeff Elliott and Anna Deharo, was very informative, positive, entertaining, and helpful for our students as they face the task of making their choices that will determine their futures. Each of you was gracious and warm in your attitude to all, and it is clear that our students heard and retained the advice and knowledge that you provided.

Each student has also expressed to me how much they also enjoyed the learning experience that your discussion actually was. The students clearly heard and retained what you said, and the observations that you provided. It was clear that the event provided them new motivation and inspiration to try to reach for the next level in their skills development. Every student that was on air the next day was clearly trying to become more conversational, for example! Several of the students have also mentioned that they were going to begin listening to Jeff and Anna during morning drive, as well!

We appreciate the fact that you all took so much of your valuable time to personally speak with our group of students. Your kind attention and efforts on our behalf helped to make this the best special program for our students that we have ever experienced. Again, thank you for coming, and for providing such a great learning experience for our young people here at Mesquite Schools Radio KEOM. Please share our best regards to Jeff and Anna as well.

Sincerely,

James C. Griffin, III, Ed.D.

Dear Mr. McMahon:

I am writing on behalf of Bess Race Elementary School in Crowley, TX to thank you for sharing Lisa Thomas with us to emcee our annual Talent Show this past Friday evening. Lisa has done this for us before, and she never ceases to "wow" the audience. The lady is a "natural" and interacts with the audience in an upbeat, motivating, and humorous manner. Her spirit is contagious, and I can assure you that each time she comes, she broadens your station's listener base. I am certain you are proud of her and the way she represents your station.

This year our Superintendent came to watch the show, and he personally took the time to come backstage to meet her and to compliment her. "She's a natural," he said. "I was so impressed with the way she worked the audience and her ability to keep us all entertained. On what radio station can I hear her, and when is she on the air?" His comments mirror comments I heard from many others as well. My principal remarked, "That Lisa Thomas is the cutest thing! She always does such a great job!"

As you can see, our audience adored her, and we appreciate you sharing her with us. MIX 102.9 was well received before an audience of over 1,200 people thanks to your very own Lisa Thomas. Hold on to her, because the only thing she will do is bring your station more listeners and represent you in a "positive" light. Lisa Thomas rules, and so does MIX 102.9. Best wishes for a successful 2002!

Sincerely,

Maria Smith

Dear Jon:

97.1 The Eagle truly rocks! Thank you so much for the generous donation of 14,582 pounds of food and \$6,437 collected during the KEGL food drive and "Show Us Your Cans" event. This gift will help us distribute \$109,429 of food and grocery product to North Texans who are facing hunger in 2003.

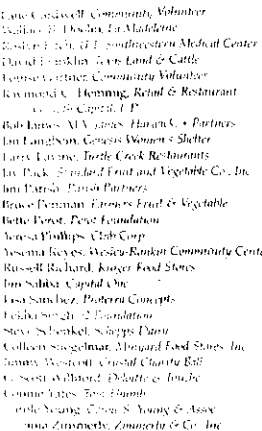

None of us will fully realize the ripple effect created by KEGL's act of kindness; however, we are certain that lives are dramatically impacted when the focus-of-the-day is not, "Where will I find food for my family?" When hunger is not a frequent companion, people function better as employees, parents and contributing members of a community. Children achieve greater heights in school, and family units thrive. The impact of your support will be felt well beyond the kitchen table.

KEGL's contribution will help us take that next step beyond the landmark achievements of this past fiscal year. Last year, 25 million pounds of food was distributed to those in need; our current goal is to distribute 27 million pounds. This increased goal is in response to the escalating demand for food from our 370 member agencies as they serve the working poor and those impacted by the soft economy.

Please convey our sincere thanks to all of the KEGl listeners and staff. We look forward to partnering again in the coming year with the station that truly rocks - KEGl!

With gratitude,

Jan Pruitt

Subject: San Antonio Food Bank Flood Drive Results

Dear Greg, Pat, Jeff, and Anna,

Thank you very much for including us in your San Antonio Flood Relief Drive today. We are happy to help provide the transportation of the goods collected down to San Antonio. More importantly, we are quite pleased in the active role you have taken to educate your listeners. You, at Mix 102.9, have been a role model in showing your listeners the most effective way to run a drive to help the needy, whether the recipients are flood victims in San Antonio, or hungry people here in the DFW area.

We, at NTFB, are touched by the generosity of your listeners. These donations are sure to help with the disaster in San Antonio. The product will be taken to the San Antonio Food Bank, who will then distribute the items to agencies (charities) in San Antonio and the surrounding areas. Flood victims in the area will be able to pick up the items at those agencies. The funds raised will be used to purchase product that the San Antonio Food Bank does not receive through donations.

Donations (as of this writing) are as follows:

\$363.00 Collected at the drive

2610 pounds of cleaning supplies collected at the drive

1884 pounds of cleaning supplies donated by Tarrant Area Food Bank in Fort Worth

260 cases of bottled water donated by Kroger (NTFB will pick that up Monday, so we don't know the weight yet)

TOTAL:

4494 pounds of cleaning supplies

\$363.00

260 cases of bottled water

We will continue to take donations at the North Texas Food Bank (address is below) on Friday from 8-5, and Saturday 8-12. If listeners need directions, they can call us at 214-330-1396, or pull up a map on our website, www.ntxfoodbank.org.

We will make plans to take the donations to San Antonio the first part of next week. I'll be sure to keep you all updated!

Thank you again for wanting to help the victims in San Antonio, and for including North Texas Food Bank in your drive.

Best regards,
